

COMMERCIAL BANKING

Asset Finance for your
agriculture business.

For your next step

LLOYDS BANK

Purchasing machinery?

Making the right choice for your business

Funding through Asset Finance

Asset Finance can help you fund new equipment in an efficient, affordable and timely way. Advantages include:

- Protecting your working capital by avoiding the need to make a lump sum payment
- Allowing you to access new equipment quickly
- Repayments that can be structured over the useful life of the asset
- Funding normally provided against the value of the asset being financed rather than against security over your business or other assets
- A choice of buying new or used equipment
- Flexibility in terms of the preferred supplier choice and being free from finance tie-ins.

Purchasing new equipment or large machinery can be a big decision. It means investing in the right machine to do the job at hand effectively and sustainably.

Deciding how to finance that purchase can also be a big decision. So what do you need to consider?

- **Affordability** – will your chosen finance option allow you to comfortably afford the purchase?
- **Suitability** – can you buy the most appropriate and best equipment that matches your desired purpose using the funds you have available?
- **Sustainability** – does the chosen finance option meet your long-term needs?

Annual Investment Allowance (AIA)

Many businesses can claim an AIA for expenditure on plant and machinery (excluding cars). In many cases (depending on the businesses level of expenditure) this may mean that you can claim your entire expenditure on qualifying items against this allowance. The maximum amount of the annual investment allowance (AIA) was set at £200,000 with effect from

January 2016 and can, subject to your specific business circumstances, provide a meaningful benefit.

For information on the allowance and the items that are covered by the AIA visit: www.gov.uk/capital-allowances/annual-investment-allowance

The provision of credit or leasing services by us is subject to credit approval. Please ensure that you only apply for credit or leasing services that you can comfortably afford.
